RE: Low Power FM Broadcast Proposition (MM Docket No. 99-25)

To Whom It May Concern:

I would like to submit an informal comment voicing my support for the Low Power FM service whose creation was proposed by the FCC earlier this year. I am a member of the Mendon Presbyterian Church, in Mendon, New York.

I am interested, as are many other church members, in utilizing the FM broadcast radio medium for the betterment of our community. Our goal is to have the opportunity to provide Mendon with a source for positive, uplifting music and radio programming, as well as public service messages and community information. The possibility that communities and schools across the country could provide such on-air resources is an exciting development in the world of radio!

Once again, I would like to voice my support for Docket No. 99-25, the Low Power FM Radio Service, through this informal written comment. Thank you for your time and consideration!

Sincerely Yours,

Virginia J. Horton
